THIS IS HOW WE ROLL! Kissco Mobile Advertising offers new, innovative marketing strategies that will place your brand or message in front of a great number of people – your potential market – at a comparatively small price. Delivering quick, quality, cost-effective marketing for your campaign, Kissco Mobile Advertising offers pre-selected routes, or will develop a custom route that covers your market. Mobile billboard advertising has proven so effective that it is used by large businesses to promote their locations and brands. Yet mobile advertising is so affordable that small businesses can afford to advertise, too. You've seen our mobile advertising vehicles on the road: you noticed them and are considering using them, now. So what are you waiting for? Call today for a no obligation quote, and let Kissco Mobile put your message on the road!

THIS IS HOW WE ROLL ... NOW YOU CAN TOO!

WORKS MOBILE WORKS KISSCO WORK

BOARDS MOBILE BOARD

Double-sided. Eye-level. Wherever you want it! Our trucks offer dynamic messages than can roll anywhere and run any time. We can even light your board at night. Forget static and boring. Bring your message to life.

COMPUTER ARTWORK DIMENSIONS

When you create your artwork, please make your computer document the exact size listed below. You can bleed your background image past the Physical Dimension but please keep all information within the Physical Dimensions.

IMAGE RESOLUTION AND FORMAT

All images should be saved in CMYK color mode as a TIFF format. High-res scans should be used with a final Photoshop resolution of 300 ppi (pixels per inch). These 300 dpi/ppi images should be approximately 100% size to your Artwork Physical Dimension. When sending artwork, please include the native document (Illustrator), all scanned images, all vector based logos and artwork, and all typefaces. It is also strongly recommended that you include a hard copy or PDF proof.

SUBMISSION OF ARTWORK

You may submit your artwork on CD-ROM, CD-RW, DVD, via email, or FTP. It is recommended that you do not email a file or compressed archive larger than 5 MB.

E-mail address:
FTP information:
